

MEPAU in the Mid West

NEWSLETTER | MARCH 2025

MITSUI E&P
Australia

Mitsui E&P Australia (MEPAU) is a WA-based energy provider with two facilities in the Mid West. MEPAU is a significant contributor to the development of a sustainable supply of energy for the nation and in addition to maintaining its energy resource portfolio, is pursuing new low carbon energy and carbon abatement opportunities.

Schedule of activities

MEPAU maintains an online Schedule of Activities that is regularly updated with planned activity information and timing – go to mepau.com.au

See you at Shore Leave!

We'll be at P2P and the Midwest Local Producers Market

Shore Leave Festival is being held in and around the City of Greater Geraldton from 23-27 April, and MEPAU is proud to be a part of the Mid West's main annual event.

As well as offering local businesses the opportunity to advertise their services, goods and produce, the Shore Leave Festival provides Central Regional TAFE students the opportunity to take part in providing professional hospitality alongside prospective employers and career mentors – such as the Paddock to Plate (P2P) experience, which MEPAU is sponsoring together with joint venture partner Beach Energy.

Our team will also be hosting an information booth in the Midwest Local Producers Market to engage with the community and chat about our latest activities in the region.

Girl Guides Clean Up

We were please to join the Dongara Osprey Girl Guides for their Clean Up Australia Day initiative this month.

The guides spent the afternoon picking up rubbish along Leander Point and around the Fishermans Memorial and Lookout. A fantastic community contribution by the guides!

We are proud to support the next generation in their efforts to safeguard our streets, parks and waterways.

Great job by Silver City Drilling Crew!

Congratulations to the Silver City Drilling crew (captured below) from Rig 24 at the end of the Beharra Springs 1 Plug & Abandonment.

As well as being a notable achievement as the first well MEPAU has abandoned for Beach Energy as part of the decommissioning program for end-of-life wells, the team finished the job safely, ahead of schedule and under budget. Well done team!

Mid West Community Grant Applications open!

Our 2025 round of Mid West Community Grants will be open to applications from 1 April to 1 May 2025.

Local organisations, groups and not-for-profits are able to apply for up to \$4,000 in support of their community initiatives.

The Mid West Community Grant program is funded by Mitsui E&P Australia together with our Waitisia Gas Project joint venture partner, Beach Energy.

We welcome applications for 2025 projects and initiatives that support:

- Education, skill development and training, and pre-employment training opportunities for the Mid West community;
- Local community safety, health and fitness, and mental health wellbeing; and
- Locally-based environmental and natural resource projects.
